

## **GLORIA**

**And I sing Gloria  
And I sing to You  
And I sing Gloria  
Sing a hymn to You**

See the clouds in the sky  
Hear the wind whisper Your name  
Feel the heat from the sun  
All You have done

**And I sing Gloria  
And I sing to You  
And I sing Gloria  
Sing a hymn to You**

When I look at You now  
Hear the birds singing Your praise  
See the love in Your eyes  
So full of grace

**//: And I sing Gloria  
And I sing to You  
And I sing Gloria  
Sing a hymn to You ://**

**And I sing Gloria  
And I sing to You  
And I sing Gloria**
