

OUT OF THE BLUE

In the night
the clouds getting darker
In the night
my hope falls apart
When there is nothing that
matters
I'm feeling blue
Dance the blues away

**I just feel like dancing
I wanna free my soul
I will lift my spirit high
I just wanna dance
a wild dance out of the blue**

I can feel the joy rise inside
me
I can feel the hope lift my
soul
I can feel You walk right be-
side me
I'm on my feet, dance the
blues away

**I just feel like dancing
I wanna free my soul
I will lift my spirit high
I just wanna dance
a wild dance out of the blue**
