

THE DREAM

I have this dream
About a land I see
A place full of grace
Where everyone is free

I walked for so long
I try to hold on

**I want to see
See the Promised land
I searched for so long
Let Your Kingdom come**

A land full of hope
Full of rest and peace
A place to call home
Where I can be free

I walked for so long
I try to hold on

**I want to see
I see the Promised land
I searched for so long
Let Your Kingdom come**

I see the light
See the light
House of hope
I hear Your voice
You take me home

**I want to see
See the Promised land
I searched for so long
Let Your Kingdom come**

I see the light
See the light
House of hope
I hear Your voice
You take me home

I reach out for You
Let Your Kingdom come
You take me home
To the Promised Land
