

ANGEL EYE

Every day
Every night
Every where
You are on my mind
Like the heat
From the sun
You make me warm inside

Like the wind
Like the air
Like a breeze
You are all around
Let us find
Our way
Let me take
Your hand

You are everything I need
You are everything I want

**You are my angel eye
You make me touch the sky
You are my love
The love of my life**

Like a bird
In the sky
I am free
Full of delight
With a heart
Filled with joy
With a future so bright

With a touch
Of your hand
Give me Your
Beautiful smile
When You whisper
My name
You make me
happy inside

You are everything I need
You are everything I want

**You are my angel eye
You make me touch the sky
You are my love
The love of my life**
